ABOUT THE DEPARTMENT

It gives me immense pleasure to note that the Fifth edition of Technova 2K24 is ready for launch. The big theme today is to focus on creativity and innovation alongside academics. Entrepreneurial wealth creation has been explosive on account of the massive impact made by technology start-ups. It is research and development that fosters innovation and out of the box thinking, be it in design or in implementation. Interact with your predecessors pursuing their passions as entrepreneurs or as employees and they would vouch for the fact that career progression or wealth creation happens only when the vision extends beyond the periphery.

Mr. V.S.Parit
Head of Computer Science & Engineering

VISION OF THE DEPARTMENT

To impart knowledge and skills needed in the of computer engineering to serve the society.

MISSION OF THE DEPARTMENT

1. **CS-1:** To equip students with technical knowledge and interpersonal Skills.
2. **CS-2:** To uplift technical skills to solve computer engineering problems.
3. **CS-3:** To prepare students for productive careers and life –long learning.

STAFF EDITOR OF THE DEPARTMENT
